

Marker Board

Product Number: PC178

Shipping: FOB, Hillsboro, OH, 45133

Ships: Ships Truck - 45lbs

Delivery: Please allow 2 to 3 weeks for delivery

Dimensions: 27 inches wide x 22 inches deep x
57 to 63 inches high

Colors: Natural

The Mobile Marker Board features two dry erasable whiteboards for use with multi-color markers. One side is height adjustable and both have a solid maple rail that is smoothly routed to hold markers and erasers or support open books for story-time. Each board measures 27 inches wide x 36 inches high and can also be used with bulldog clips to hold easel pads, artwork, charts and teaching aids. The adjustable heights will accommodate everyone from a toddler to an adult.

The Mobile Marker Board is constructed from high-quality birch veneer plywood that is cross-banded with 14-ply construction for extra strength and durability. The entire unit is built using $\frac{3}{4}$ -inch thick components with attractive rounded edges and finished with several coats of clear catalyzed lacquer for added surface protection.

There are also two convenient storage shelves to hold everything from art supplies to books. A large decorative oval opening is cut into each side panel to access the top shelf and to provide a handgrip to transport the unit. Four heavy-duty (two locking) casters allow ease of mobility and they are securely fastened by steel brackets which are bolted through the end panels.

This is a versatile learning and teaching center that's a great addition to our Kinderlink® Stools.
