

Coat Locker / Storage Cubby

Our Custom Coat Lockers are available in four sizes to allow maximum utilization of space. They are designed to offer a “built in look” by providing usable locker space even in corners. Coat hanging sections have hooks on both sides and there’s plenty of storage both above and below for everything from boots to lunch boxes. There’s even a convenient bench to sit on!

Our Custom Coat Lockers are also built to last. Made from high quality birch veneer plywood, each unit is manufactured with traditional joinery techniques, attractive rounded edges and finished with several coats of clear catalyzed lacquer for added surface protection.
