

Maple Linking Stools

Kinderlink multi-purpose stools from Educational Furniture, Inc. work magic wherever young kids meet. Our award-winning, patented linking stools promote cooperation and learning for kids 4 – 10. Each stool can double as a lap desk and connects in 3 ways to make rows, zigzags, snakes and a 9-foot circle of 20 units. The stackable stools are ideal for many settings and their 12-inch height is comfortable for both sitting on and working.

Engineered for maximum strength and safety with smooth and rounded edges each stool holds up to 500 lbs.

Available in natural maple or transparent primary color finishes: blue, red, green or yellow. Color finishes are water-based pigments with a clear, top-coated acrylic finish to reduce scratching and fading. Call today and start your circle!

US Patents 4,995,668 + 5,511,851

Product Number: Natural – K2000
Color – K2000C

Shipping: FOB, New Bern, NC 28562

Ships: Ships UPS - 30 lbs/box of 4
